06.06.2024

M12 jack 4-pole

General Data

Type reference:	RRJ_M124A_100CM
Description:	M12 jack
Degree of protection:	IP65 / IP67 (in the front)
Connection type:	4-pole M12, A coded
Max. storage temperature:	-25°C ... 80°C
Max. operating temperature:	-5°C ... 80°C, for flexible installation -25°C ... 80°C, fixed installation

Electrical features

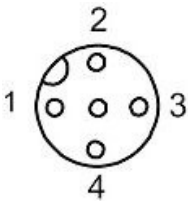

Operational voltage:	250 V AC/DC
Operational current:	4 A per contact
Rated impulse voltage:	2.5 kV

General data

Mounting aperture:	22.3 mm
Tightening torque (mounting nut):	1.5 ... 1.9 Nm

Note

Front ring:	silver-coloured
IP information:	in plugged and screwed condition
Jack on the front side:	M12 jack, A coded, 4 poles
Connection on the rear:	PVC cable; wires 0.34 mm ² (AWG22) stripped, not insulated 1: brown; 2: white; 3: blue; 4: black
Cable length (X):	100 cm
