

Environment - Substances

Ladies and Gentlemen,

European legislation such as REACH or RoHS requires the provision of information on restricted substances in products. This information must be shared by manufacturers and suppliers in the supply chain. For this reason, Georg Schlegel GmbH & Co. KG requests from its suppliers the information whether the products delivered to Schlegel contain substances that are restricted by appropriate legislation.

Please fill in the questionnaire, sign it and send it back to us.

If you have any questions, please contact Mr. Harald Schmidt by phone 0049/7371 502-224 or by mail harald.schmidt@schlegel.biz.

Offer No.: _____ Date: _____

Mandatory Requirement (the product must be conform to these regulations and directives):

- EC 1907/2006 (REACH) Candidate list (valid list at the time of issue)**

CQC-RoHS – Table of Substances:

Our Part Name	Your Part Name	Description	Hazardous Substances					
			Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr (VI))	Polybrominated biphenyls (PBB)	Polybrominated diphenyl ethers (PBDE)

This table is prepared in accordance with the provisions of SJ/T 11364.

O: Indicates that said hazardous substance contained in all of the homogeneous materials for this part is below the limit requirement of GB/T 26572.

X: Indicates that said hazardous substance contained in at least one of the homogeneous materials used for this part is above the limit requirement of GB/T 26572.

(Enterprises may further provide in this box technical explanation for marking "X" based on their actual circumstances.)
