

KRSK64

22.10.2024

Protective shroud to mount underneath the emergency-stop

General Data

Type reference:	KRSK64
Description:	Protective shroud
Approvals:	CE, UKCA
Degree of protection:	see *1)
Max. storage temperature:	-50°C ... 85°C
Max. operating temperature:	-30°C ... 70°C
Material:	PA66

General data

Mounting aperture:	30.5mm
Panel thickness:	tbd
Tightening torque (mounting nut):	tbd
Standards:	EN 60947-5-1, EN 60947-5-5, EN ISO 13850

Note

- Protective shroud for clamping

*1) IP degree
tbd

*2) Mounting plate thickness
tbd

*3) Tightening torque (fixing nut)
tbd
